More than the entire amount of land having been subscribed for the irrigation project, Mr. Detweller, the otter, left for Wichita, Kan., or Thursday morning promising to send an engineer here next week to arrange for the test wells, and said that he would at once ship to this place a six-inch pump to be used in testing wells as soon as they had been drilled. If the test wells prove satisfactory work will commence immediately so that the plant will be ready for operation next spring.

The plant for the six-thousand acre project will consist of two 475 horsepower, double acting, herlzontal, tandem type Buckeye gas engines; two 350 kilowatt generators directly connected to engine shafts, two gas producers, switch boards and all connections to make a complete electric station. . The power house will be 55x90 feet; 18 foot wells of either brick or cement. In case 12,000 acres should be subscribed for before the proposition is closed the power house and equipment will be exactly double the present intended proportions.

COMMUNICATION

The Young Women's Christian association has tried to get large convenient quarters centrally located for their work, where all the departments could be carried on in one building.

Failing to find a suitable place, it is decides to remain at the present location, 508 W. Silver avenue, and start out in a conservative way.

Mrs. Brott will again open a women's exchange in connection with the work, and ladies who paid a membership fee to the womans' exchange opened in the spring will have the privilege of working through the exchange free of charge for one year, Lunches will be served and an employment bureau will be conducted. The travelers' aid will be helpful to women coming as strangers to Albu- game).

Classes in physical culture, domes- game tic science and any special class work desired will be opened soon. ladies who have given their names as members of the Y. W. C. A. will kindly hand in their mentbership fee. The fees can be paid at the rooms, 508 W. Silver avenue, or to any the board or call phone 1011 to have someone call for fee.

This is a noble, worthy cause; and as such the public is asked to help us get started by way of contributing money, produce, furn' ure, bedding table linen, dishes, etc. Anything

will be acceptable. Attorney Felix Baca returned to the city yesterday from a business trip to Silver City. Mr. Baca saw Dr. Copp. ormerly of this city, and he was do ing a fine dentistry business there.

man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man and can do good work again." For weak, sore or diseased lungs, coughs and coids, hemorrhages, hay fever, la grippe, asthma or any bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free.
